WORK EXPERIENCE

Brandcurb
Canada
FRONTEND DEVELOPER
2021

- Collaborated with UX/UI designers to translate designs and wireframes into high-quality code, ensuring a seamless user experience across all devices.
- Implemented interactive features such as dynamic forms, real-time data updates, and animations using React and Redux, enhancing user interaction and retention by 25%.
- Optimized web applications for maximum speed and scalability, achieving a 40% reduction in load times by optimizing images, using lazy loading, and minimizing JavaScript.

LOVETECHCYBER
Nigeria
FRONTEND DEVELOPER
2020

- Worked closely with backend developers to integrate frontend components with server-side logic, improving application performance and user experience.
- Participated in the design and development of user interfaces for web and mobile applications, enhancing the user experience and accessibility.

PROJECTS

Project Name: My Portfolio
Description: A personal portfolio website showcasing my skills, projects. Built using React.js, JavaScript, and CSS modules.
